3. Medical Camps :-

CAPDS conducted free medical camp for poor people. Due to lack of health awareness and facilities we are suffering from different diseases. **CAPDS** believe strongly health conscious is more important than any other things in our lives. Because if we strong in healthy, we can work for any thing. Now a days Malaria, Typhoid, Jaundice, Chickun Gunya.

These different diseases are coming into our lives, if we do not active to find out it and take precautions for them, we have to loose a lot. Poor people could not afford more expensive to get medical tests and medicines. They do not take care of their health and their children health.

That is why we organized medical camp in which they can come for free check up and get free medicines. So that our society may be healthy society and that will be for future generation.

Our invited doctors gave suggestions to the people made aware of some terrible diseases.

We distributed medicines to the poor people. We must keep clean of our surroundings and every person should be health conscious.
